WELCOME!!!

Christian Community Church is a cutting-edge non-denominational church with a vision to convert, support, and lead Christians that serve the spiritual, intellectual and physical needs of the total community. The church is contemporary in style and casual in its feel. Christian Community Church has a heart for broken and wounded, along with young adults, children, and youth. Christian Community Church has four directions to fulfill the vision- WORSHIP, MISSION, EDUCATION, and SERVICE. Christian Community Church is a children and family focused ministry that believes that helping hands create hope.

It is definitely a blessing to have you share with us as we communicate our love for Jesus Christ with our youth. We truly believe that this is the time of favor from God for the Body of Christ. Share our joy of the Lord and belief that all things are possible through him as we work to build our youth to achieve what God has in store.

We seek to provide children with an environment in which he/she will grow to develop to his/her fullest potential intellectually, socially, physically, emotionally, and spiritually. The curriculum focuses on a wide variety of learning experiences to help the children progress from one stage of development to the next successfully.

Admission to Christian Community Church Summer Enrichment Program is open to children ages six (6) to fourteen (14) years of age.

Our youth do not need just another summer camp to attend. Students are better prepared for the return to school in the Fall with programs that stimulate their minds, exercise their bodies, encourage spiritual growth, and provide a well-rounded atmosphere for those participating.

We are located at 5600 18th Ave Tuscaloosa, Alabama.
